

# Beyond the Pitch

At Home Guide

**AUSTRALIA**

Year 3-4

**NEW ZEALAND**

Ages 8-10

The FIFA Women's World Cup™ is a celebration of sport, culture and diversity. 32 teams from around the world will compete for the 2023 trophy right here in Australia and Aotearoa New Zealand. This is the first time two countries have shared the hosting of a FIFA Women's World Cup™.

Held every four years, this event is a highlight on the world sport calendar. Be part of history by getting involved in the FIFA Women's World Cup 2023™.

## FIFA Women's World Cup 2023™ tickets

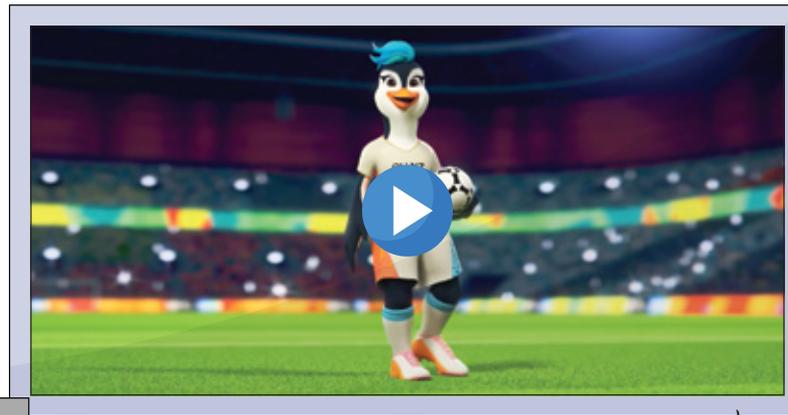

You can keep up to date with ticketing information here. <https://www.fifa.com/fifaplus/en/tickets>

Welcome to Beyond the Pitch! This interactive website helps you and your child connect with the FIFA Women's World Cup 2023™ through online lessons and activities.

Beyond the Pitch is divided into four zones. Each zone includes an interactive lesson that can be accessed without signing in and can be played multiple times.

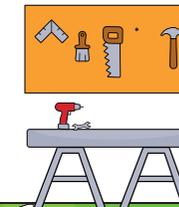

### Zone 1: Grandstand (culture, diversity and belonging)

- Explore key milestones in the growth of women's football.

### Zone 3: Maker Space (sustainability)

- Understand how function, safety and sustainability affect the selection of materials for football equipment.

### Zone 2: Locker Room

(respect, team work, passion and excellence)

- Learn how to respond respectfully in situations where big emotions are involved.

### Zone 4: Let's Play

- Test your skills with a fun online game featuring the 2023 FIFA Women's World Cup mascot, Tazuni™

The Grandstand activity provides a great opportunity to explore the challenges and successes women have faced in becoming part of the football story. Historically, women have not always had opportunities to play football. Their inclusion in the modern game is a victory for everyone.

Here are some activities you can do at home with your child.

## Women of Football

Research some key figures in the history of women's football and create a timeline of their life with key events listed in chronological order. Here are some examples to get you started: Marta (Brazil), Mia Hamm (USA), Abby Erceg (Aotearoa New Zealand), Sam Kerr (Australia).

## Watch Women's Football

Visit the FIFA Women's World Cup 2023™ website and click on **HIGHLIGHTS**. Select from the library of some of the great matches and highlights in women's football.

## In My Lifetime

To develop a more personal understanding of the changing roles and opportunities for women, talk to your child about the changes you have observed in your own lifetime. Encourage your child to ask questions.

Jump onto the **Beyond the Pitch!** website and explore the Grandstand with your child now.
